

<b>Statement:</b>	I am a highly motivated MA Architecture graduate and prospective MArch graduate (July 2025) with a strong passion for both design and practical application. I am an excellent team player with exceptional organisational skills. I have consistently demonstrated ability to work effectively in dynamic environments and managed complex projects although my career development.	
	Outside architecture, I am an accomplished powerlifting Champion, having set multiple national records and competed internationally for Team Scotland becoming European Small nations Champion. This experience has enhanced my discipline, focus, perseverance and ability to exceed expectations, which I apply to both my professional and personal pursuits.	
<b>Education:</b>	2023-2025	<b>Edinburgh University</b> MArch Architecture   Masters Degree   <b>First Class Distinction (70%)</b>
	2019-2023	<b>Edinburgh University</b> MA Architecture (Hons)   Bachelors Degree   <b>Strong Upper Second-Class Honours (66.7%)</b>
	2012-2019	<b>Sir Henry Floyd Grammar School</b> A-Level   (AABC) , GCSE   (4A*s, 5A's 1B)
<b>Work:</b> Architecture	Apr 2022- Jul 2022	<b>(YKG GROUP) Extension Architecture   Part 1 Architectural Assistant  </b>  <b>Key Responsibilities</b> Working on domestic architectural projects within the Buckinghamshire area has allowed me to gain hands-on experience across multiple stages of the design and planning process. I developed technical proficiency in industry-standard software such as Revit and Archicad, contributing to the creation of accurate, detailed architectural drawings and 3D models for residential properties ranging from extensions and refurbishments to new builds. A key aspect of my role involved conducting on-site measurements and surveys, ensuring precision in spatial planning and supporting the smooth translation of client needs into practical design solutions. I was also actively involved in client interactions, from initial consultations to design presentations, which helped refine my communication skills and ability to respond to client feedback with thoughtful, tailored design revisions.
	Jan 2022 -Apr 2022	<b>TATE DESIGN &amp; BUILD LIMITED   Part 1 Architectural Assistant internship  </b>  <b>Key Responsibilities</b> A key aspect of this role was developing soft skills such as render packages for design projects and talking clients through design material choices and colour palette. Working on different project types such as domestic and office spaces allowed me to widen my architectural experience.  <b>Key achievements</b> Hands on engagement with residential and office construction projects within Milton Keynes and the wider Buckinghamshire area in which I develop my skills with Revit and enscape rendering as well as developing my onsite measuring skill along with a principal architectural designer to produce planning applications.
	Mar 2020 - Present	<b>MyTutor   Academic Tutor :</b> With over half a decade of tutoring experience. I specialise in guiding students through the rigorous journey of preparing for entrance exams to grammar schools, GCSEs, A-levels, and university admissions. also specialise in preparing students for university applications, including those aiming for highly competitive institutions like Oxford Brookes University. I assist with interview preparation, and the entire application process to ensure students present themselves in the best possible light.
